Dear Professor Hippisley-Cox

Study title: QRESEARCH – A new ethical high quality general practice derived database for research
REC reference: MREC/03/4/021

Thank you for sending the progress report for the above study dated 20 January 2007. The report will be reviewed by the Chair of the Research Ethics Committee, and I will let you know if any further information is requested.

I am pleased to confirm that the Chair agrees that this report meets the requirements of the committee.

The favourable ethical opinion for the study continues to apply for the duration of the research.

MREC/03/4/021: Please quote this number on all correspondence
